Sponsored by:

Presented by:
OVERVIEW

The intent of this activity is educating clinicians on the latest advancements in the fields of dermatology and dermatopathology to solve clinical problems, improve diagnostic accuracy and appropriate treatment options and improve the quality of patient care and improved patient outcomes. Additionally, the intended use is to foster an increased understanding of scientific, clinical or healthcare issues that are likely to contribute to the improvement of patient care.

LEARNING OBJECTIVES

At the conclusion of this activity, participants will be able to:

• Describe the pathophysiology of psoriasis and the associated comorbidities of the disease.
• Diagnose patients with psoriasis appropriately, based on current clinical guidelines.
• Treat patients with psoriasis appropriately, based on current clinical guidelines.
• Summarize the efficacy and safety of fillers, toxins, devices, and techniques currently available in aesthetic and procedural dermatology.
• Identify the considerations in the selection of appropriate filler agents for treating different areas of the face.
• Compare and contrast the efficacy and safety of agents, devices, and techniques currently available in aesthetic and procedural dermatology.
• Determine the appropriate nonsurgical techniques for facial rejuvenation.
• Describe the appropriate use of neuromodulators in the treatment of the aging face.
• Recognize role of molecular diagnostic testing in relation to its future clinical utility for the prediction of developing hair loss, identify the type of alopecia and predict disease severity.
• Employ novel therapeutic and preventative targeted treatments, and determine response to therapy.
• Describe the basic science of chronic wounds.
• Identify the general and local factors that should be considered in any patient with a chronic wound.
• Recognize the rationale of converting a chronic wound into an acute wound.
• Describe techniques used to prepare chronic wounds.
• Appraise the appropriate use of different dressings.
• Identify the pros and cons of the adjuncts to wound healing.

CREDIT DESIGNATION

University of Miami Leonard M. Miller School of Medicine designates this live activity for a maximum of 13.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ACCREDITATION

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the University of Miami Leonard M. Miller School of Medicine and University of Pisa, Italy. The University of Miami Leonard M. Miller School of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

DISCLOSURE AND CONFLICT OF INTEREST RESOLUTION

All conflicts of interest of any individual(s) in a position to control the content of this CME activity will be identified and resolved prior to this educational activity being provided. Disclosure about provider and faculty relationships, or the lack thereof, will be provided to the learners.
Shino Bay Aguilera, M.D.
Voluntary Assistant Professor
Dr. Phillip Frost Department of Dermatology
Chief Medical Director, Assistant Professor. NOVA University
Shino Bay Cosmetic Dermatology & Laser Institute, Fort Lauderdale

Gabriella Fabbrocini, M.D.
Voluntary Associate Professor
Dr. Phillip Frost Department of Dermatology
University of Naples Federico II, Italy

Barth Green, M.D.
Executive Dean of Global Health and Community Service
Chairman, The Miami Project to Cure Paralysis
Professor of Neurological Surgery, Neurology, Orthopedics and Rehabilitation Medicine.

Shasa Hu, M.D.
Associate Professor
Dr. Phillip Frost Department of Dermatology

Gianluca Iacobellis, M.D.
Professor
Department of Endocrinology, Diabetes & Metabolism

Marco Infante, M.D.
Research Scholar
Department of Diabetic Research Institute

Joely Kaufman, M.D.
Voluntary Associate Professor
Dr. Phillip Frost Department of Dermatology

Robert Kirsner, MD., Ph.D.
Harvey Blank Professor & Chairman
Dr. Phillip Frost Department of Dermatology

Wendy Lee, M.D.
Associate Professor
Department of Ophthalmic Surgery

Mariya Miteva, M.D.
Associate Professor
Dr. Phillip Frost Department of Dermatology

Camillo Ricordi, M.D.
Professor, Director
Department of Diabetes Research Institute

Paolo Romanelli, M.D.
Professor
Dr. Phillip Frost Department of Dermatology

Antonella Tosti, M.D.
Professor
Dr. Phillip Frost Department of Dermatology

Gil Yosipovitch, M.D.
Professor
Dr. Phillip Frost Department of Dermatology

Martin Zaiac, M.D.
